

Disclaimer for list of recommended foreign worker recruitment agencies:

As a service to our members, ACA has initiated a list of recommended foreign worker recruitment agencies.

While agencies on this list have successfully undergone reference checks by the ACA, ACA makes no claims as to the quality and value of the services rendered by these agencies. ACA urges members to undertake their own evaluation of how well these agencies meet their needs, and ACA suggests using the questions contained in the guide to recruitment agencies (<http://albertaconstruction.net/wp-content/uploads/2014/12/Guide-to-Recruitment-Agencies.pdf>) as a starting point in these evaluations.

The recruitment agencies on this list have been advised by the ACA that proven complaints of members about misrepresentation of services or poor quality of these services will be grounds for their removal from the list.

Members are urged to report to ACA their experiences in using agencies on this list, and / or to recommend for ACA review other agencies. Please email info@albertaconstruction.net for reporting purposes.

List of Recommended Foreign Worker Recruitment Agencies
