

October 13, 2020

Alberta Construction Association  
18004 – 107 Ave.  
Edmonton, AB T5S 2J5

Attention: Ken Gibson, Executive Director; Frederick Vine, ACA Board Chair

In an effort to be transparent and to collaborate with industry leaders, AHS is inviting members of the Alberta Construction Association (ACA) to review and provide feedback on the attached draft of Request for Proposals (RFP) Reference No. AHS-2020-2586 for Pre-qualification for Contractor Services Related to Capital Projects. Your feedback will be invaluable to AHS and the industry as AHS moves forward with finalizing and releasing of the RFP. Incorporation of ACA's feedback into the final RFP will be contingent upon the needs of AHS as well as the requirement to align with AHS procurement and contracting policies and processes.

AHS will give ACA thirty (30) calendar days for this review process and it is expected that all individual feedback be synthesized and consolidated prior to providing responses to AHS.

Any feedback from this exercise will be generic in nature and cannot be undertaken with individual private business interests at hand. If any firms are found to have contravene this, they will be immediately disqualified from participating in the upcoming RFP process.

AHS values this feedback from ACA's members. Please note that not all feedback will be considered as this will depend on how the feedback(s) will fit with AHS' overall visions in relations to the pre-qualification process as well as how they fit with the needs of AHS.

Please submit your feedback to AHS via email as noted below by November 13, 2020.

If there are questions, please contact the undersigned.

Thank you,

Jay Oommen  
Lead, Construction Contracting, CPSM, Alberta Health Services
